The Port of Long Beach
c/o Samara Ashley
725 Harbor Plaza Drive
Long Beach, CA 090802

Dear Ms. Ashley,

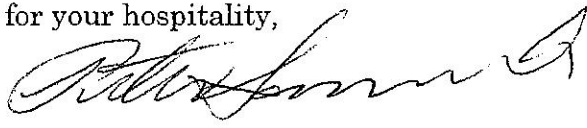

I would like to express to you my appreciation, and that of my wife, for the fascinating and interesting tour of the Port of Long Beach that you provided us during our recent stay in Long Beach.

It is truly an incredible operation that your organization runs to provide our entire nation with the goods that both businesses and consumers depend on. The logistics, which are crucial to your operation are amazingly challenging as are the initiatives that the Port is currently undertaking to be even more energy efficient, environmentally aware and sustainable.

You and your entire organization, including your capable staff, e.g. Michelle Johnson, are to be commended for the important work that you are doing.

As a follow-up to my visit, could I request that you mail me some printed materials about the Port of Long Beach and about your Clean Trucks initiative? I am also interested in the Zero-Emission trucks being considered by Tesla and Toyota as part of your trucking fleet.

Thank you again for your hospitality,

Peter Somssich 
NH State Representative District 27 / Portsmouth, NH
